METAL SONIC, MY BROTHER?! HOW COULD YOU DO THIS TO X, MY BROTHER?!

A comic book panel showing Metal Sonic, a blue robotic character with a helmet and a red eye, looking shocked and shouting. He is being pursued by Amy Rose, a blonde girl with a red bow, who also has a shocked expression. The background consists of orange and yellow streaks, indicating high speed.

ROLL, MY SISTER, I WANT TO BONE YOU.

A comic book panel showing Metal Sonic from the chest up, holding a sword and attacking. A large red splash effect is visible behind him. He has a menacing expression.

I ALSO WANT TO BONE ROLL, MY SISTER.

A comic book panel showing Amy Rose from the chest up, shouting with an angry expression. She is pointing her finger upwards. The background is dark and jagged, suggesting a destroyed or chaotic environment.

Ghosts?

A hand-drawn comic page on a single sheet of paper. The scene is set in space, indicated by a starry background, a blue comet-like streak, a green planet with a ring, and a yellow sun in the bottom right. On the left, a girl with long blonde pigtails and a red bow wears a pink heart-shaped top. She has a speech bubble that says "Ghosts?". In the center, a blue, dog-like creature with a pink collar and a single eye looks up at her. It has a speech bubble that says "Heh. I assure you, minha rosa bonita- this is a true story". On the right, a white robot with a red bow and a surprised expression has a speech bubble that says "That sounds like a bunch of crazy talk ta me, mistah!". The entire scene is framed by a dark, scribbled border.

That sounds like

...e a nossa missão nossa verdade!!!!

JUNTOS PARA O FUTURO

E a missão? Mega-caras e mega-gaia, este é R.A.Dman, editor do seu problema (?) Eu nunca, nunca teria admitido que a conexão super-indie que eu li quando criança me pediria para voltar e recriar o mundo que o **LEGO** e o **LEGO** finalmente estivesse completo! Você já pode dizer que isso não vai ser para recriar o **LEGO** e o **LEGO** para produzir uma história tão **LEGO** e o **LEGO** que não é uma empresa tradicional de quadrinhos ou indie tradicional jamais pensaria em publicá-la.

E assim que eu posso voltar quando você erra tanto quanto nós, cara! Ta bom? Ta bom!

Eu sou o nosso herói pela última vez no mundo do **LEGO**, mas estamos em 202X BABEE! Muita coisa aconteceu no Brasil nesse tempo, incluindo fazer-se e permanecer no mercado #1 do mundo para o **LEGO**, incrível, fantástico e **LEGO** Sega Mega Genesis console. Nós enlatados os **LEGO** do **LEGO** com a **CELESTIAL**, a **LOWOUT** BRASILLIAN E a cirurgia estética mais avançada de todos os tempos, o **DRAZILLIAN BUTT LIFT**. BELEZA!!! Nós também nos mudamos um pouco para a Olimpíadas um pouco atrás, você talvez já tenha ouvido falar disso? Mostramos nossa bela nação, construímos instalações de última geração que não foram construídas desde então, e finalmente limpamos as favelas de todos aqueles amantes da **DIGIMON**. Isso ajudou a trazer mais artistas e vozes brasileiros das favelas? Não!

Os Cabeça-duras ainda preferem mostrar porcarias safadas e idiota de Hollywood. Eles ainda piscu na **LEGO**! Estamos inundados de tudo vingadores, enquanto vozes criativas são sufocadas pela **CELESTIAL** e **LEGO** da Marvel! Sabíamos que poderíamos tirar a **TAMPA** do mercado, mas que **LEGO** ao mundo que éramos o **SAINT SEIYA** dos quadrinhos?

A escolha era óbvia. Não só porque este trabalho se aproveitou do **LEGO** e do **LEGO** e amor por animes e videogames... porque **ROLL? AINDA UM**

O mundo do **Mega Man** precisa da nossa ajuda! Junte-se a nós e não vamos ajeitar o **ORIGINAL** e **NÃO FILTRADA** do **MEGAMAN** e tomamos conta do mundo dos quadrinhos!

R.A.Dman

There's nothing that'll stop our truth!

What's up? Mega-dudes and mega-dudettes, this is R.A.Dman, your issue's editor (?) I never, EVER would have guessed that the super-indie SENSATION I read as a kid would ask ME to come back and revive it so that the FULL ORIGINAL EPIC would finally be complete! You can already tell we've worked hard to gather the INDIE ROBOT MASTERS to produce such a AWESOME and POWERFUL story that no mainstream comic or traditional indie company would ever THINK of publishing it. That's just the way things roll when you rock as hard as we do, man! OKAY? O.k!

We last left our heroes in the world of 199X, but WE'RE IN 202X BABEE! A LOT has happened in Brazil in that time, including becoming and REMAINING the WORLD's #1 market for the amazing, awesome, fantastic and CUTTING EDGE Sega Mega Genesis console. We corned the beauty markets with the BRAZILLIAN WAX, the BRAZILLIAN BLOWOUT and the most sought after cosmetic surgery ever the sacred and holy BRAZILLIAN BUTT LIFT. Beautiful!!! We also hosted a little thing called THE OLYMPICS a little while back, you maybe have heard of this? We showcased our beautiful nation, built STATE OF THE ART facilities that have not been matched since, and finally cleaned up the favelas of all those DIGIMON lovers.

But did THAT help to bring more Brazilian artists and voices up from the slums? NO!

The idiots STILL prefer to showcase LAME AND DUMB Hollywood crap. They still shit the bed! We are flooded with AVENGERS everything, while creative homegrown voices are stifled by the BIG BOOT of Marvel! We knew that we could blow the LID off of the market, but what project would show the world that we were the SAINT SEIYA of comics?

The choice was obvious. Not just because this work tapped into our deep cultural heritage and LOVE of anime and videogames... because ROLL? STILL A BABE! but...

BECAUYSE world of Mega Man needs our help! Join us as we continue the ORIGINAL and UNFILTERED jewel of MEGAMAN and take over the comics WORLD!

Você já pode dizer que trabalhamos duro para reunir o INDIE ROBOT MASTERS para produzir uma história tão BACANA e PODEROSA que nenhuma empresa tradicional de quadrinhos ou indie tradicional jamais pensaria em publicá-la.

É assim que as coisas rolam quando você arrasa tanto quanto nós, cara! Ta bom? Ta bom!

THE SOMETHING AWFUL GOONS AND
OPTICAL INTERNET TRANSLATION GANG PRESENT:

NEO-Novas Aventuras de Megaman Issue "#17"

This release is a collected free-form fan comic created by posters on the Something Awful forums. The original BR Megaman issues were read, enjoyed, and discussed, and the thread quickly decided that if there wasn't an ending, we'll make more (and probably also never end it). Posters began to churn out new pages, the only hint of order being a loose attempt to take turns making pages.

Otherwise, there were no real rules or particular attempt to maintain continuity with either the original comic or the new pages, unless you wanted to. Thread starter Warbird was also kind enough to make per page donations to RAINN, adding up to something around \$800. Note that some pages are animated and/or large (page 7 lol) and may cause hangs/crashes with your software.

Please extract this file in your archive program of choice to see page 32, as it is a video file. There is also a folder full of fanart and extras included!
